EVENT FROG

Gold Partner
EventsAIR

ABOUT EVENTFROG

EventFrog are vibrant leaders delivering ideal technology solutions for onsite registration experiences. Their team offer a complete end-to-end registration service that is dedicated to providing a seamless customer journey to EventsAir clients from online through to onsite.

EventFrog understands each event is unique and requires a tailored approach, so their service offering is completely flexible. From small meetings to multi-day large scale conferences and exhibitions, the support provided can range from registration site builds, delegate hotlines, speaker and exhibition management, and EDM campaigns, to onsite logistics, staffing, registration equipment rental and contactless self service kiosks.

With the addition of the new OnAir module to the EventsAir platform, the team at EventFrog know they can offer their clients a seamless virtual experience as a valued add-on to the traditional event conferencing model.
